### **Joy Communications helps with tax breaks**

Joy Communications announced that the company is helping customers take advantage of a large tax break for small- to mid-sized businesses with Internal Revenue Code Section 179.

Section 179 of the IRS tax code allows businesses to deduct the full purchase price of qualifying equipment and/or software purchased or financed during the tax year.

If business owners act by Dec. 31, they can write off the entire purchase price of qualifying phone systems in the first year up to \$139,000. This year, Section 179 also extends to cover off-the-shelf software purchases in addition to traditional equipment.
